

GUARDSPRO

GUARD WEB PORTAL

THE WEB VERSION OF SECURITY PATROL APP

Quick & Easy Way To Document

GuardsPro Guard Web Portal is designed to empower security guards by allowing them to view & complete guard tour reports left pending on client sites far more efficiently & easily.

Improves Operational Efficiency

GuardsPro guard tour system offers secure access to the Guard Web Portal so the guards can do more than just submit reports online to help improve operational efficiency significantly.

Work From Desk

Complete all your tour tasks left at client sites working from the desk of the office.

Increase Flexibility

Guards can log in to the web browser for extra flexibility & get all the tasks done.

Highly Convenient

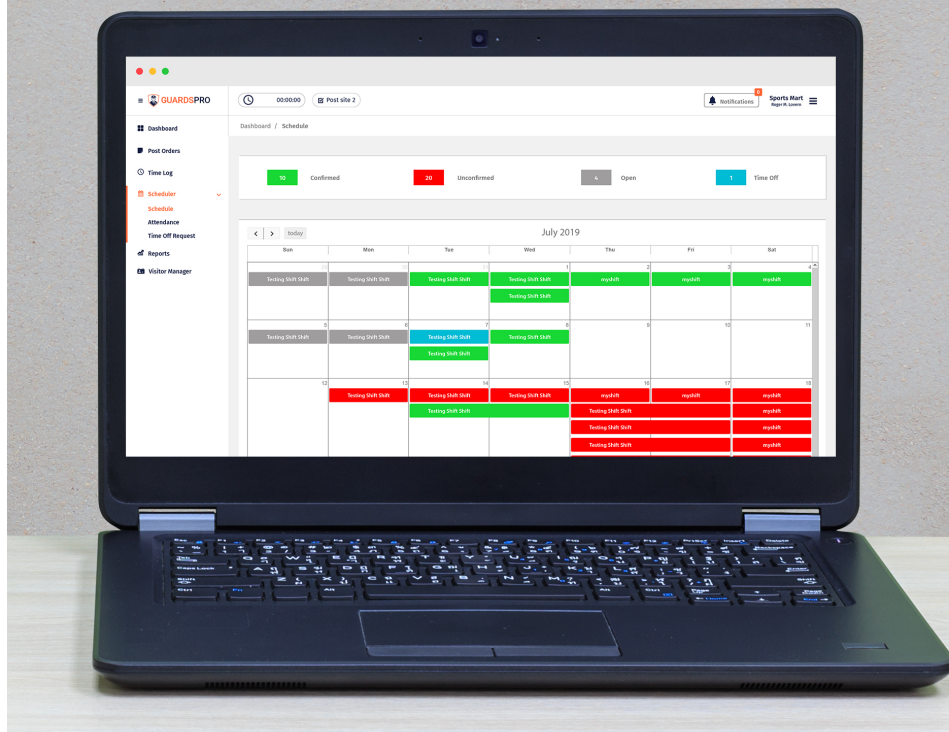

Guard Web Portal makes it convenient for the guards to manage their daily tasks easily.
